Company History

Bensen Business Consulting and Training Pty Ltd was founded in 2022 by Benny Senamela, a seasoned business consultant with over 5 years of experience in the industry. Benny had a vision to create a consulting and training company that would provide practical and effective solutions to help businesses and the members of the communities improve their performance and achieve their goals.

Since its inception, Bensen Business Consulting and Training has worked with various clients and government departments across various industries, including Department of Social Development, PM Skills House, South African Black Hawkers Association and the Sekhukhune Local Communities. The company has built a reputation for delivering high-quality consulting and training services that are tailored to meet the unique needs of each client.

In addition to consulting services, Bensen Business Consulting and Training also offers training programs and workshops to help businesses develop the skills and knowledge they need to succeed in today's competitive market.

Over the years, the company has continued to grow and expand its services, earning the trust and loyalty of its clients. Bensen Business Consulting and Training remains committed to helping businesses thrive and achieve their full potential through innovative solutions and expert guidance.

Focus Of Our Business

The training focuses on credits bearing and non-credit bearing modules for short courses or full qualifications. Accreditation of desired qualifications to be offered are applied with the relevant SETA. The aim of BENSEN BUSINESS CONSULTING AND TRAINING (Pty) Ltd. is to have as many accreditations as possible in order to diversify its training capacities.

Training and business consultancy is provided to government, corporates, communities and individuals both with online and face to face classes. Training done for government or corporate takes place either at the stakeholder premises or our premises, depending on the agreements and also on the suitability. The training is delivered directly to the individuals, corporates or government that is taking the training or through affiliate that is sponsoring the project.
